**Terms and Conditions**

**BIDING:** Each animal will be sold to the highest bidder without reserve.

**CASH SALE:** All sales are for cash unless otherwise stated on the catalog, and the buyer will settle all accounts with the seller at the time of sale. All cash transactions shall be recorded in writing upon the sale.

**ANNOUNCEMENTS:** If there is any inconsistency in information in terms of the sale's material (e.g., sale catalog, supplemental sheets, sale day announcements), the announcements shall control over all the other statements.

**IDENTIFICATION RESPONSIBILITIES:** (1) Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (tattoo, hot-iron or freeze brand) corresponding to its registration identification. (2) The buyer must have all permanent identification marks for accuracy upon possession and report any discrepancies to the seller immediately.

**DISCLOSURE OF GENETIC MATERIALS:** (1) The seller guarantees that all animals are registered in accordance with the rules of BBU and (2) The seller guarantees to the buyer that all animals conform to the registration certificates as entered in the Herd Book of BBU.

**AWARDS:** All existing available official BBU information, including calf source, service sire and/or potential service sires (registration numbers) and performance data must be included in the final sales catalog.

**DISCLOSURE OF GENETIC INFORMATION:** (1) The seller guarantees to the buyer that all genetic materials of an animal being sold will be declared in the catalog or from the block any circumcision or other surgical alteration of any underline of any male or female known to the seller and of any single egg or super-ovulation flush of any known female cited.

**IDENTIFICATION RESPONSIBILITIES:** (1) Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (tattoo, hot-iron or freeze brand) corresponding to its registration identification and (2) The buyer must have all permanent identification marks for accuracy upon possession and report any discrepancies to the seller immediately.

**CASH SALE:** All sales are for cash unless otherwise stated on the catalog, and the buyer will settle all accounts with the seller at the time of sale. All cash transactions shall be recorded in writing upon the sale.

**ANNOUNCEMENTS:** If there is any inconsistency in information in terms of the sale's material (e.g., sale catalog, supplemental sheets, sale day announcements), the announcements shall control over all the other statements.

**IDENTIFICATION RESPONSIBILITIES:** (1) Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (tattoo, hot-iron or freeze brand) corresponding to its registration identification and (2) The buyer must have all permanent identification marks for accuracy upon possession and report any discrepancies to the seller immediately.

**DISCLOSURE OF GENETIC MATERIALS:** (1) The seller guarantees that all animals are registered in accordance with the rules of BBU and (2) The seller guarantees to the buyer that all animals conform to the registration certificates as entered in the Herd Book of BBU.

**AWARDS:** All existing available official BBU information, including calf source, service sire and/or potential service sires (registration numbers) and performance data must be included in the final sales catalog.

**DISCLOSURE OF GENETIC INFORMATION:** (1) The seller guarantees to the buyer that all genetic materials of an animal being sold will be declared in the catalog or from the block any circumcision or other surgical alteration of any underline of any male or female known to the seller and of any single egg or super-ovulation flush of any known female cited.

**IDENTIFICATION RESPONSIBILITIES:** (1) Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (tattoo, hot-iron or freeze brand) corresponding to its registration identification and (2) The buyer must have all permanent identification marks for accuracy upon possession and report any discrepancies to the seller immediately.

Miss SFA 6033B is sure to be the one to catch your neighbor’s eye. She is most definitely a front pasture female. This female is an embryo heifer out of Channarock’s Black Bayou and Soul Sister. She is gentle, easy handling and will work in your herd. Don’t let this girl pass you by. Safe in calf to SFASU Man In Black, C1031870, a Johnny Cash son.

This bull is very thick, heavy boned with lots of muscle and is dark red. He is very gentle with great genetics. He is the son of Gold Tender that goes back to Cavalier. His dam, Julia Dent goes back to Mr. Coffee and Top Gun. His dam is a '09 model still with a great underline and udder. An outstanding herd sire prospect. He has his annual vaccinations.

HFF Madeline is a high quality registered heifer ready for please. Her sire, EMS High Time (1018793) is a full brother to Johnny Cash, consistently produces high performing show heifers, replacements, market steers and breeding bulls. He is truly 'The Beef Master'. I would use her as a show heifer but I already have two of her half-sisters trained who have been winning classes, divisions and top 3 placings in major shows and nationals. Madeline is the first calf out of my retired show heifer in major shows and nationals. Madeline is the first calf out of my retired show heifer who has had vaccinations for blackleg and IBR-BVD to prepare her for a long, productive future. She seems sweet like her mom and grandma and she should also be an easy keeper and a good breeder. She can produce show heifers, replacements or market calves and will work any way you want to use her. Take her home and let her prove it to you.

JCH Fallon is a good, dark red heifer out of a first calf heifer. She has a nice topline, moderate framed, balanced, gentle and everything needed to make a great front pasture mother cow. She sports modern bloodlines on both sides of her pedigree such as Headliner, Red Ryder, Infinity, Bullet Proof, Cassidy, Silk Stockings and Jesse, a full brother to Logan. This heifer is young but will be ready to breed by spring. Get in on some of the hottest bloodlines in the breed. Comes from a line of great milkers and proven genetics.

SR 624 is a half brother to the high selling 2016 Beef on Forage bull by JK 1001. His dam has a 375 day calving interval and a 97 MPPA. EPDs are in the top 5% for birth weight, 15% for weaning and 5% for yearling. 5-24-17 raw ultrasound data: 1.38 REA/Cwt., 3.05 IMF; 8-22-17 1,350 lb. off test weight, 3.84 ADG. Combined with a 76 lb birth weight makes a great choice for your replacement heifers.

A powerful heifer with genetics that back it up. From Bullet Proof to Captain Sugar, this heifer is sure to produce the kind we all want and she will start with the coupon in her belly from the RGB Inferno bull, C 1053032.

An Illusions Impression son and out of a Tabasco daughter. This moderate-framed bull sires structurally correct calves that will perform in the show ring and in the pasture. An excellent temperament makes this bull a pleasure to work around.

Are you looking for a heifer producing bull? Look no further. This bull is sired by Gardens Prime Time and is a grandson of Retail Product. He is phenotypically correct and his EPDs prove that he will do a great job expanding your herd with exceptional females. With high weaning and yearling weights, he is sure to put on the pounds for those calves headed to the feedlot. He is sure to bring you the most profit for your herd. He has been fertility tested and passed with flying colors. He is vaccinated, dewormed and ready to put on a set of cows today.
Stout Charolais bull that is ready to put on a set of females. This bull is gentle and easy handling. He is sure to produce a nice set of replacement females or make some smokey steers.

Idaho is a near perfect bull with plenty of length and muscle. He has very little white, straight backed and soggy. His birth weight was 78 pounds, that along with his moderate size, a birth weight EPD of 1.4 and a Calving Ease Index of 20 should make him ideal for heifers. Come take him home with you.

LOTS 66-80:

15 Head Angus Bred Heifers, 5 Head Per Lot

These heifers combine some of the best genetics and performance in the Angus breed. Each lot sells as 5 head per lot, totaling 15 bred heifers. These heifers are home-grown out of Maine-Angus cows crossed with a 44 Farms bull. You don’t have to look far to find the impact 44 Farms has made on the cattle industry. They are all bred to a purebred Beefmaster bull purchased from Steve Emmons 2017 bull sale. Low birth wt., high weaning wt. Solid-colored dark red with a 1 underline. We have crossed Beefmaster and Angus for years and think these are some of the best yet! If you are looking for replacement females (milking ability in a moderate cow size) or for high-grading, heavy steer calves, get the hybrid vigor in your cowherd with these heifers and reap the rewards for many years to come. Palpation data available pen-side. Talk to us following the sale about our buyback program and follow us on Facebook or visit our website at www.mcleodcattle.com. Whole Herd Reporting member.

LOTS 81-91:

11 Head Angus Bred 2nd Calf Cows, 4 Head Per Lot

These cows were purchased as bred heifers at the 2017 Fort Worth Commercial Heifer Replacement Sale and come from Reed Ranch in Milsap, Texas. All the heifers calved right on time, unassisted to Express Angus bulls. Each lot sells as 4 head per lot, totaling 12 bred cows. Moderate cow size with a lot of quality we really like. Clean females with strong front-ends. They come to you bred to a purebred Beefmaster bull which will bring in the retained heterosis everyone is looking for. Bred for late spring 2018 calving. Don’t sleep on these heifers. Bred for a low birth wt., high weaning wt., solid-colored calf and boy can these girls milk! This cross is in high demand in the entire cattle industry for replacement females. Here they are, don’t miss ‘em! Palpation data available pen-side. Talk to us following the sale about our buyback program and follow us on Facebook or visit our website at www.mcleodcattle.com. Whole Herd Reporting member.

LOTS 92-101:

8 Head Angus Exposed Heifers, 5 Head Per Lot

Angus heifers exposed to a purebred Beefmaster bull which will bring in the retained heterosis everyone is looking for. Low birth wt. and high weaning wt., name of the game! Each lot sells as 5 head per lot, totaling 10 bred heifers. Bred for a late spring calving right at the age of 2 years-old. Perfect time of the year for a 1st time calver. Young and good, ready for many years of profitability. Palpation data available pen-side. Talk to us following the sale about our buyback program and follow us on Facebook or visit our website at www.mcleodcattle.com. Whole Herd Reporting member.

LOTS 102-103:

2 Head E6 Beefmaster x Angus Exposed Heifers

E6 Beefmaster females are gaining market share in the commercial cattle industry not only for their milking ability, but for their longevity. These 2 females are no exception. They are out of Angus cows and purebred Beefmaster bulls, giving them the retained heterosis that is in high-demand. Believe in this cross, IT WORKS! Low birth wt. and high weaning wt. calves bred for a late spring calving right at the age of 2 years old. Perfect time of the year for a 1st time calver. Young and good, ready for many years of profitability. Palpation data available pen-side. Talk to us following the sale about our buyback program and follow us on Facebook or visit our website at www.mcleodcattle.com. Whole Herd Reporting member.

LOTS 104:

1 Head E6 Beefmaster x Angus Exposed Heifer

Look at the power in this female! Moderate framed with thickness and depth for days. Easy fleshing female that will benefit any commercial cowherd. She is out of an Angus cow and a purebred Beefmaster bull, giving her the retained heterosis that is in high-demand. She has been exposed for 60 days. Whether you have a cow/calf operation, raise to go across the rail, or even have a club calf operation, this heifer will fit your needs. Young and good, I think I would! Palpation data available pen-side. Talk to us following the sale about our buyback program and follow us on Facebook or visit our website at: www.mcleodcattle.com. Whole Herd Reporting member.

LOTS 105-128:

24 Pairs & Heavy Bred - All Fall Calving

Check out this outstanding set of females A.I.’d to the Angus bull Chinook and then cleaned up with a low birth weight Angus bull with calves at their side. The calves are out of the Angus bull Chinook. These females are gentle and easy handling. Take them home with confidence. These cattle will be sold in matched groups of 3 to 5 head. These cattle were developed, bred and managed at Stephen F. Austin State University.

LOTS 129-176:

48 Bred Commercial Angus Females

These heifers were A.I.’d to the Angus bull Chinook on May 18, 2017 and cleaned up with a low birth weight Angus bull. These heifers will calve in the spring of 2018. These cattle will be sold in matched groups of 3 to 5 head. These cattle were developed, bred and managed at Stephen F. Austin State University.

LOTS 177-180:

4 Bred Commercial Angus Females

Take a look at this set of bred commercial Angus females. These heifers are out of some of the top Angus genetics available, and would be an asset to any commercial operation whether you are producing replacement females or feeder calves. These females were A.I.’d in May to a Felton Angus bull named Jindra Mainfest and turned-in with a SFA registration. Look at the power in this female! Moderate framed with thickness and depth for days. Easy fleshing female that will benefit any commercial cowherd. She is out of an Angus cow and a purebred Beefmaster bull, giving her the retained heterosis that is in high-demand. She has been exposed for 60 days. Whether you have a cow/calf operation, raise to go across the rail, or even have a club calf operation, this heifer will fit your needs. Young and good, I think I would! Palpation data available pen-side. Talk to us following the sale about our buyback program and follow us on Facebook or visit our website at www.mcleodcattle.com. Whole Herd Reporting member.

LOTS 181-182:

2 Bred Beefmaster Females

#40: Born 11-11-15. Safe in calf 6 months to a Beefmaster bull.

LOTS 182-184:

3 Head of Angus Cross Bred Heifers

Two years of age. Safe in calf 4 to 5 months to Angus bulls.
LOT 185:

Open, Polled, Registered Beefmaster x Commercial Beefmaster Heifer

Born 2-13-17
This classy polled, dark brindle spring born Beefmaster heifer is the right kind. Her sire is a registered Beefmaster bull, EMS High Time, who consistently produces high performing show heifers, replacements, market steers and breeding bulls. He is truly “The Beef Master”. The polled heifer is out of a commercial Beefmaster cow who consistently produces polled, high quality replacements and heavy weaning market steers. Her dam has a good disposition and a nice udder. We expect this heifer to follow in her steps. If we had room to keep any spring born heifers, this one is at the top of our list. Check out the EPDs on her sire to see the heavy weaning and yearling weights and high ribeye values in her pedigree. She has been wormed and vaccinated for blackleg and IBR-BVD. Although this heifer is not registered, you can buy with confidence. When you take her home, you’ll wish you had 10 more. Don’t miss out on this beauty!

LOT 186:

Open, Polled, Registered Beefmaster x Commercial Beefmaster Heifer

Born 1-5-17
This special black, deep-bodied, muscular lady is built to perform. She looks just like her dam who is one of our first and best commercial Beefmaster replacements and consistently produces a great calf every year. Her dam is gentle and maintains excellent condition while weaning heavy steers or replacement heifers. We know this heifer will be great and hate to sell her. Making her even better, this heifer is sired by an extraordinary registered Beefmaster bull, EMS High Time, who consistently produces high performing show heifers, replacements, market steers and breeding bulls. Check out the EPDs on her sire to see the heavy weaning and yearling weights and high ribeye values in her pedigree. She is wormed and vaccinated for blackleg and IBR-BVD. She has the genetic capability and proven performance for a lifetime of productivity in your program - you'll enjoy watching her “show off” and produce great calves in your pasture.

LOT 187:

Open, Polled, Registered Beefmaster x Brangus Heifer

Born 1-17

LOT 188:

Open, Polled, Registered Beefmaster x Brangus Heifer

Born 1-17
Wow! Here are two fantastic polled, solid black Beefmaster x Brangus replacement heifers in the making. Their sire is a registered black Beefmaster bull, EMS Moolah Magic who consistently produces black, low birthweight calves with heavy weaning and yearling weights. We have numerous daughters as replacements in our herd and have received premium payment for this heavily muscled black steers at the sale barns. He has also sired high quality registered show heifers and the 2014 JBBA National Beefmaster Division Reserve Champion Bull, Mr. Steel for L5 Beefmasters. His progeny are successful at market, in the pasture and the show ring. The dams of these heifers are heavy-muscled, deep-bodied, polled, black Brangus cows with great udder volume and shape. We wish we had room to keep these high quality, spring born replacements like we usually do. Since we prepared to save these fancy, black heifers for ourselves, they are dewormed, vaccinated for blackleg and IBR-BVD and are ready to work in any program. Take them home for a great set of cattle in your front pasture!

LOT 189:

Open, Polled, Registered Beefmaster x Brangus Heifer

Born 1-17

LOT 190:

Open, Polled, Registered Beefmaster x Brangus Heifer

Born 1-17

LOT 191:

Open, Polled, Registered Beefmaster x Brangus Heifer

Born 1-17

LOT 192:

Open, Polled, Registered Beefmaster x Brangus Heifer

Born 2-17
Slightly younger versions of Hall Lots 190 and 191. A nice set of spring-born solid black Beefmaster x Brangus replacement heifer prospects. They are from the same sire and dam group as Hall Lots 191 and 192 - just dehorned instead of polled. Their sire is a registered, black Beefmaster bull, EMS Moolah Magic, who consistently produces black, low birthweight calves with heavy weaning and yearling weights. We have numerous daughters as replacements in our herd and have received premium payment for his heavily muscled black steers at the sale barns. The dams of these heifers are heavy-muscled, deep-bodied, polled, black Brangus cows with great udder volume and shape. We wish we had room to keep these high quality, spring born replacements like we usually do. Since we prepared to save these fancy black heifers for ourselves, they are dewormed, vaccinated for blackleg and IBR-BVD and are ready to work in any program. They are prepared for a long, productive life in your herd!

CONSIGNOR: Paul Jopling
5 Head of Black Baldie Open Heifers
8 to 9 months of age.

These fine, black polled Beefmaster x Brangus heifers have a little chrome on their underlines to class up your front pasture. Their long, muscled bodies and strong frames enable them to be long-lasting producers just like their dams. Their sire is a young, registered Beefmaster bull, HFF Cameo, who has been producing black, heavy muscled steers and replacement heifers for us. This year was his second crop of calves and he has proven to provide high performing calves in this year’s calf crop again. We like these heifers now but we know they are going to be even better as they grow. Wish we could keep them for ourselves. These flashy heifers are dewormed, vaccinated for blackleg and IBR-BVD. Put them to work in your program!

A young set of really nice spring-born solid black Beefmaster x Brangus replacement heifer prospects. They are from the same sire and group as Hall lots 3, 4 and 5. Their sire is a registered, black Beefmaster bull, EMS Moolah Magic, who consistently produces black, low birthweight calves with heavy weaning and yearling weights. We have numerous daughters as replacements in our herd and have received premium payment for his heavily muscled black steers at the sale barns. The dams of these heifers are heavy-muscled, deep-bodied, polled, black Brangus cows with great udder volume and shape. We wish we had room to keep these high quality, spring born replacements like we usually do. Since we prepared to save these fancy, black heifers for ourselves, they are dewormed, vaccinated for blackleg and IBR-BVD and are ready to work in any program. You will be glad you put them in your herd!

There is a lot to love about this fancy Beefmaster x F1 black motley-faced replacement heifer. She is deep-bodied and thick-muscled like her sire and dam. Her sire is a young, registered Beefmaster bull, HFF Cameo, who has been producing black, heavy muscled steers and replacement heifers for your program. This year was his second crop of calves and he has proven to provide high performing calves in this year’s calf crop again. This heifer would definitely be a keeper if we had room for spring replacements. She is dewormed, vaccinated for blackleg and IBR-BVD and ready to perform for you!
