BOLES FEED
BEDDING: Each animal will be sold to the highest bidder without reserve.

BIDDING DISPUTE: The Auctioneer in change will settle any disputes as to bids, and his decision on such matters shall be final.

CASH SALE: All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale. The failure of a member/buyer to pay for any items purchased in any cash sale will constitute a default under the terms of the sale and the seller will be entitled to sue for the purchase price plus any additional costs incurred by the seller. The seller may take possession of the property of the defaulting buyer at any time after the failure to pay.

BUYER’S RISK AT THE TIME OF SALE: The risk of loss and injury of each animal passes to the buyer as soon as it is sold.

CERTIFICATE OF QUARANTINE: A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within 45 days following the later of either the date of sale or upon the receipt of full payment.

HEALTH GUARANTEES: Unless otherwise stated, the seller guarantees that all animals are eligible for interstate shipment in accordance with applicable federal and state regulations. The buyer is not responsible for any post-sale changes in the health of the animal. Any claim for illness or injury must be made within 3 weeks after the date of sale.

INCONSPICUOUS DEFECTS: (1) defects not ordinarily visible or detectable by the buyer at time of sale, (2) defects which will not appear to the buyer at time of sale, or (3) defects which are not apparent to any person with ordinary or commercial skill. The buyer is responsible for any further losses resulting from any of such defects or conditions.

ARTIFICIAL INSEMINATION (A.I.) CERTIFICATES AND EMBRYO TRANSFER (E.T.) BILLS OF SALE: All A.I. certificates and E.T. bills of sale will be the responsibility of the seller. If an animal under artificial insemination of any kind or embryo transfer is sold, the seller will remain responsible for all costs associated with the purchase and sale of the animal. The buyer shall be made aware of the risks associated with the purchase and sale of such animals.

NEGOTIABLE CERTIFICATES OF OWNERSHIP: The registration certificate is the property of the seller if the animal is sold at auction. No transfer of title will be made until the registration certificate is transferred to the new owner. The seller shall not be responsible for any transfers of ownership after the sale.

OFFICIAL BILL OF SALE: An existing valid official Bill of Sale information, including calf source, service sire and other potential service sires (registration numbers) and performance data must be included in the final sales catalog.

PEDIGREE, PERFORMANCE AND GENETIC INFORMATION: The seller guarantees to the buyer that: (1) the pedigree, performance and genetic information, as represented in any sales materials (including, but not limited to, calf sheet, supplemental sheet or sales catalog), are accurate; and, (2) all information from the BBU is corroborated and confirmed by the BBU’s records.

BREEDING GUARDIAN: (1) the seller guarantees that all animals have been bred, with the exception of (a) calves under 12 months of age at the time of the sale, and (b) animals shown after the sale has occurred (in such cases, the breeding guarantees, if any, will be the same guarantees as are agreed upon between the seller and the buyer). (2) animals may be purchased for breeding consideration.

BREEDING GUARDIAN: (1) Prior to the sale, the seller must ensure that each animal is a purebred, including a valid BSE registration number by the appropriate agency. The buyer must check all permanent identification marks for accuracy in possession and report any discrepancies to the seller immediately.

PERFORMANCE GUARANTEES: (1) All animals are sold as is. (2) The seller guarantees that all animals conform to the registration certificate as entered in the herd book of the BBU.

PRIVILEGES OF RETURN OR ADJUSTMENT OPTIONS: (1) With the exception of any applicable transportation expenses described herein, a seller shall never be liable to a buyer for an amount greater than the original selling price of any animal sold or leased under these Terms and Conditions.

RETURN OR ADJUSTMENT OPTIONS: (1) Unless otherwise stated, all claims for adjustment or refund must be made in writing to the seller within 10 days following the sale of the animal in question.

RETURN OR ADJUSTMENT OPTIONS: (1) If an animal is deemed to be a non-breeder, the animal may be returned to the seller if in good condition and complies with the health requirements of the seller’s state. In the event of a non-breeder, at the option of the buyer, the seller may either refund the purchase price or make an adjustment. The seller may not be required to provide proof of cause for the non-breeder. The seller may, at its option, issue either a refund of the full purchase price or, if the buyer requests, a credit for a future purchase. If the buyer holds the credit for a future purchase, the credit must be used within one year from the date of purchase.

RETURN OR ADJUSTMENT OPTIONS: (1) A buyer may return the animal to the seller for a full refund of the purchase price if the animal is found to be dead at the time of delivery. The seller will be responsible for transportation costs in excess of the distance between the buyer’s farm and the location where the animal was shipped.

DISCLAIMER OF WARRANTY: Buyer must be aware of the risks associated with the purchase of an animal, regardless of the seller’s representation. The seller will not be responsible for any loss or damage to the animal during transportation.

DISCLAIMER OF WARRANTY: The seller will not be responsible for any loss or damage to the animal during transportation.

DISCLAIMER OF WARRANTY: The seller will not be responsible for any loss or damage to the animal during transportation.

DISCLAIMER OF WARRANTY: The seller will not be responsible for any loss or damage to the animal during transportation.

DISCLAIMER OF WARRANTY: The seller will not be responsible for any loss or damage to the animal during transportation.

Special Thanks
The 2018 Purple Premium Sale Students would like to thank our consignors, advertisers, and sponsors for helping us make this a memorable learning experience. Special thanks to Boles Feed in Nacogdoches for breakfast, Boehringer Ingelheim for dinner, C&J Safety Solutions for the Yeti cooler donation, Cavendar’s for the sale shirts, and Twin Rivers Vet Supply - Collin and Courtney Greer for providing sale ear tags. Thank you to the Paul and Case Craycraft at the East Texas Livestock for guidance during the sale.

Four Forks 531 is an easy keeping, Steel Dust daughter, that is as gentle as they come. She was raised on rough pasture and knows how to hustle, but can be your "sweetheart" cow if you want her to be. She is a good one! The Renovator calf at side is powerful and probably polled!

This fancy, red, ultra polled U2/2 heifer, out of our polled bull "POLLED LOGIC 403" U1/2 who combines the breeding, fertility, and marketability of "***APACHE'S HEART". She is the product of our Polled Program, and BBU’s Breed Improvement Programs (Classification, Weights & Measures). She is very feminine with lots of bone, and muscle. Both parents, three grandparents and six great grandparents are polled. She has ten U1 conformation relatives and six "TYPESETTERS" on her Cert. Calfhood vaccinated. MERIT BREEDER and WHR.
This very fancy, ultra polled U1/2 heifer, sired by the high selling red polled bull "S/S POLLED CLASS 4780" U1/2 in the 2015 BEEF ON FORAGE SALE, she combines the breeding, fertility, and marketability of polled bulls. "**POLLED HORIZON","VISTA'S MR 6129-3236", Legacy Bull "**APACHE'S HEART"", and "MK F KING". She is the product of our Polled Program and BBU's Breed Improvement Programs (Classification, Weights & Measures). She is feminine with lots of bone and muscle.

Both parents, two grandparents, and one great grandparent are classified U1 conformation and several others are U2 or U. She has four "TYPESETTERS" on her Cert., one of which is her dam. This heifer would be an excellent addition to any polled seed stock herd with both parents, three grandparents, and five great grandparents being polled. Calfhood vaccinated. MERIT BREEDER and WHR.

This fancy, ultra polled U2/2 heifer, out of our polled bull "S/S POLLED CLASS 4780" U1/2 and polled "TYPESETTER" cow "**AH GLORIDE 10/14" U1/3 who goes back to the polled/scurred Legacy Bull "**APACHE'S HEART" U1/2. She is the product of our Polled Program and BBU's Breed Improvement Programs (Classification, Weights & Measures). She is feminine with lots of bone and muscle.

Both parents, three grandparents, and one great grandparent are classified U1 conformation and several of the rest are U2, or U. She has four "TYPESETTERS" on her Cert. This heifer would be an excellent addition to any seed stock herd. Calfhood vaccinated. MERIT BREEDER and WHR.

DG’s 47/18 is an open heifer out of Marimba. Marimba, purchased at the San Antonio Rodeo sale in 2017, exhibits great maternal qualities. This year, she produced one of our heaviest weaning bull calves. This heifer is in the top 10% of calving ease for Beefmaster heifers. She participated in the SFA 2017-2018 heifer development program and is ready to turn out with your favorite bull.

Polled U 1/2 Bullet Proof granddaughter. She scored a 1.2 REA/CWT (14.03 REA, 12.51 adj. REA) on her ultrasound scan. Her ears may be a little short due to a West Texas cold, wet spell right around her birthday but that doesn't impact her calf-raising abilities at all. Pasture exposed to our Schneider 0481 son, Hood 605, 5/19 - 8/18/18.

We hate to let this one go, but we can’t keep ’em all. Sire’s pedigree speaks for itself and she has consistently produced nicely for us. Her dam is a full bodied cow with perfect udder out of Collier Farms and V-Seven breeding, that has produced a calf every year. Take this one home and she’s ready to breed to the bull of your choosing.

Galyean is proud to announce our line of steel gooseneck livestock trailers!

For the last few years you have asked for it and Galyean has listened. Galyean is proud to announce our heavy-duty line of steel gooseneck livestock trailers – Galyean Stock Trailers!

Galyean utilizes the same high tensile plate steel that is used in the manufacture of its severe service off road tanker trailers to produce a stronger frame that is the backbone of the livestock trailer. This CNC formed “Z” pan has a higher vertical web for additional strength unlike any other trailer on the market. The unique “tee post” tubing design at rear of the trailer along with the wrapped tubing bumper adds more structural strength to the rear of the trailer. Welds are produced with a higher end quality gas and wire that is specifically found in certified vessel shops, applied by experienced certified welders.

Galyean not only goes the extra mile to fabricate a stronger livestock trailer, Galyean’s paint coating system sets us apart from other manufacturers. Galyean uses the same paint process on its livestock trailers as we do on our DOT tanker trailers. Beginning with the advanced pretreatment process, including a near white steel grit blast and applying the high solids flex base color coat followed by a corrosion inhibiting clear coat. The clear coat provides exceptional gloss, color retention, corrosion resistance and is much more impervious to rock chips and scratches compared to the standard non-clear coated systems. All of these processes add up to long term durability and an extended life expectancy of the trailer.

Galyean has thought of everything. The attention to detail is extraordinary, right down to the grease zerks on the latch receivers. There are many details that are standard for the Galyean Stock Trailer which other manufacturers consider to be options or upgrades. Visit one of the local Galyean Trailer dealers or check us out on the internet!

EMS Fire Dancer comes from the Emmons Ranch Beefmaster program, which for over 40 years is known for producing quality Beefmaster bulls that sire heavy weaning calves and superior replacement females for the purebred and commercial cattle industry.

EMS Fire Dancer was sired by Bonfire, the 2010 National Grand Champion Beefmaster Bull, and is a full brother to Fire & Smoke, the 2015 National Grand Champion Beefmaster Bull.

Fire Dancer carries the genetics of these outstanding Beefmaster bulls as well as the impeccable maternal genetics of his dams that add the bonus of quality replacement females.

Using Fire Dancer will make a positive difference in your breeding program.

EMS Fire Dancer has been DNA parent verified and all semen is CSS certified for international export.

Domestic price is $35 per straw. International price is $20 per straw. Minimum purchase of 10 straws.

Call or e-mail anytime for information.
A partner for your future.

Southside has provided the people and businesses of East Texas exceptional service since 1960. Let's grow together. Stop by or visit southside.com.
LIVESTOCK NUTRITION CENTER

BETTER FEED, BETTER RESULTS

Livestock Nutrition Center specializes in blending customized rations, supplements and premixes to meet the specific nutritional needs of your operation. We understand that management, performance objectives and feeding practices can be vastly different between operations, and that these differences dictate specific nutritional or formulation requirements. Our experienced sales staff will work with you to design a feeding program that is specific to your operation.
